

TECHNICAL DATA

Name of product: PACTUS TOURIGA NACIONAL 2008

Produced and bottled: Sociedade Agrícola do Carneiro, Lda.

Appellation: Regional Lisboa

Type: Red.

Grapes: 100% Touriga Nacional.

Area: 12 hectares.

Vineyard age: 15 years

Soil: Limestone.

Notes of harvest: Quinta do Carneiro's microclimate, with clear Mediterranean characteristics, offers excellent conditions for good ripening of the grapes. In fact, the relatively high temperatures of 29-30°C felt on the southern and western slopes where the red wine grapes are grown, together with a relatively low atmospheric humidity (<60%) helped produce grapes rich in sugar, polyphenols and ensured excellent plant health.

Process of wine making: Classic fermentation system together with grape and stems. Intense maceration before fermentation, which one happened with controlled temperature at 25-27°C. Maceration after fermentation.

Ageing: It stayed in French oak during 6 months and then 6 months in bottle before market

Analytical data:

Alcohol strength: 14 % by Vol

Total acidity: 6,4g/l

pH: 3,63

Sugar: < 2.5

Notes on tasting:

Visual appearance: Clear and brilliant.

Colour: Garnet red with brownish tint.

Aroma: Strong notes of fruity aromas of the grapes where it originated and ripe red fruits. It shows the harmonious relation established with French oak.

Taste: Complex with a certain softness, round and velvet.

General Impression: A fruity, balanced wine which may continue to age.

Consumption: This wine is best served with all meat dishes, lamb, feather game and as a partner of a tasty cheese. The bottle should be opened 1 hour before serving at a temperature of 18°C. Being a natural product it may show some residual with ageing. If necessary decant it before serving.

Preservation in private cellar: Lay the bottle down in a cool and dry place, sheltered from light.

Shipment of product: In "Bordeaux" type bottles.

Cases of 6 bottles:

Euro palettes measuring 120x80x175 cm, each takes 90 cases in 9 rows of 10 each.

Production: 12.000 bottles

Commercialization entrance: April 2009
